

LABORATORY SORTING TECHNICIAN

We're expanding our team!

We are looking to fill two positions. No experience necessary. We will train you to find and remove aquatic macroinvertebrates from river/creek samples using a microscope. Attention to detail and excellent record keeping is required. Possess basic math skills (fractions). Minimum 20 hours per week, \$8.00 starting (or slightly higher DOE) with performance based raises after 90 day probationary period.

TO APPLY:

Send us a brief letter describing types of experiences that you have had which required following detailed instructions and of keeping accurate records.

In your letter, answer this math problem as a fraction and as a percentage: What is $\frac{1}{4}$ of a $\frac{1}{4}$ of a $\frac{1}{4}$?

Provide three references (name, phone number and affiliation). These references should be current/previous employers or teachers.

Include a brief one-page resume (list of previous employers and educational locales).

SEND APPLICATION TO:
